- Gym hours
  - Why is the gym closing at 8:00? Which gym is closes at 8:00?
    - 8:00 is the time security needed students out for safety reasons, there's only one security guard on duty at the time
    - Is being looked at
  - How many students actually want the gym to be open later?
    - Need to gather data to get a better idea

- Alarms are going off at 8:00am from the new digital clocks in the classrooms
- Going to start making sure dogs on campus are actual service animals
  - Reiterate to cohort that there maybe people that do not like animals as much and pets need to be kept on a leash
