Barasat, North 24 Parganas

WordPress/PHP Developer

SUMMARY

As a PHP & WordPress developer, I specialize in creating and managing dynamic websites, using my proficiency in the WordPress platform to design captivating and seamlessly user-friendly experiences. With a keen eye for detail and a passion for coding, I exceed industry standards by customizing themes, plugins, and functionalities to bring clients' visions to life. My expertise extends to troubleshooting, debugging, and implementing SEO best practices for optimal website performance and visibility on search engines.
