Stylo for chrome UI:

Status per milestone	Mid-Nightly sign off	Pre-Beta sign off	Pre-Release sign off
	Missed	Green	Green
QA Contact	hyacoub		tzsoldos, cbadau
Notes	- Tracking: Bugzilla (1294570), Trello, Test Plan, Release Criteria - Sign-offs: Mid-Nightly (N/A); Pre-Beta (GREEN); Pre-Release (GREEN) - Status: - Only a Pre-Beta sign-off is needed here. Release Criteria doc still to be reviewed by Ryan/Tom once Fx60 starts 02/14 - We might start testing this week, depends on the progress of performance regression issues

May 09, 2018	Jan 05, 2018

	○ 02/23 - Feature was enabled on Nightly 60 and we started test execution for pre-Beta sign-off ○ 02/28 - pre-Beta sign off - green ○ 03/12: Hand-over email was sent ○ 04/04 - preliminary pre-Release report was sent - GREEN ○ 04/13 - pre-Release sign off report was sent - GREEN			

Policy Engine and API:

Status per milestone	Mid-Nightly sign off	Pre-Beta sign off	Pre-Release sign off		Last reviewed	Last updated
	Green	Green	Green		Apr 14, 2018	Jan 05, 2018
QA Contact	amasresha					

Notes	● Tracking: Bugzilla (1419102), Trello, Test Plan, Release Criteria
	● Sign-offs: Mid-Nightly (GREEN), Pre-Beta (GREEN), Pre-Release (GREEN)
	● Status: Testing as policies get implemented.
	  ○ 02.23 - Pre-Beta Preliminary sign-off was sent.
	  ○ 3/2/2018- pre-beta signoff was sent
	  ○ 4/13/2018 pre-release sign off was sent					

Normandy Telemetry:

Status per milestone	Mid-Nightly sign off	Pre-Beta sign off	Pre-Release sign off		Last reviewed	Last updated
	Green	Green	Red		May 14, 2018	Apr 26, 2018
QA Contact	aflorinescu		icristescu			

Notes	● Tracking: Bugzilla (1342014), Test Plan, Release Criteria
	● Sign-offs: Mid-Nightly (GREEN), Pre-Beta (GREEN), Pre-Release (RED)
	● Status:
	  ○ signoff Mid-Nightly test report - Green
	  ○ 02/21/2018 - running pre-beta full tests
	  ○ 02/22/2018 - preliminary pre-beta report - Green
	  ○ 03/03/2018 - pre-Beta QA sign-off -Green
	  ○ 13/03/2018 - the feature was handovered to the Release QA Team
	  ○ 03/04/2018 - bug 1450690 - new issue affecting the telemetry event creation for the opt-out-studies enrollment process (the current feature status is concerning)
	  ○ The preliminary pre-Release feature sign-off was sent (YELLOW status)
	  ○ 12/04/2018 - bug 1453619 - new issue that implies big delays in case of the telemetry events creation for the preference experiment unenrollment process
	  ○ 13/04/2018 - the formal pre-Release sign off report was sent (RED)
	  ○ bug 1443587 was backed out from Firefox 60, starting with 60.0b13, so we started a new Beta post-backout testing process (see the testplan)
	  ○ The overall feature status has been significantly improved after the backout that was initiated on 60.0b13 (see the results here)					

Media devices off while disabled:

QA Contact	oboca		gasofie			

Notes	● Tracking: Bugzilla (1333468, 1299515), Test Plan, Release Criteria
	● Sign-offs: Mid-Nightly (MISSED), Pre-Beta (YELLOW), Pre-Release (GREEN)
	● Status: The email with the QA owner was sent and we are waiting for documentation and spec.
	  1/30/2018 - we had the kick off meeting and I start to work on TC and TP.
	  ○ We are waiting for some fixes to land and we started to work on TP and tomorrow I will start to write TC.
	  ○ Preliminary email wasn't sent based on the fact that the implementation of this feature is not completed yet(Front End) and we didn't started to test it.
	  ○ 2/5/2018 - started to create TC and the TP was sent for review.
	  ○ 2/8/2018 - we finish the test run. **Because the development team will not finish the implementation of this feature (the Front End part)** by the date when the mid-nightly sign-off needs to be sent, this feature will miss the sign-off. We will send a test report.
	  ○ 2/9/2018 - a test report was send . Mid-Nightly - Missed
	  ○ 2/15/2018 - The TP and Release Criteria were sent for review
	  ○ 2/19/2018 - the feature is not landed (UI part)
	  ○ 2/21/2018 - we received devs confirmation that the UI part will be ready for testing sometime next week.
	  ○ 2/22/2018 - bug verification
	  ○ 2/23/2018 - preliminary pre-Beta report was not send due to the fact that the feature is not 100% implemented. (UI part is missing)
	  ○ 2/26/2018 - we started to run test cases for pre-beta sign-off, but we need to wait for a new change of this feature to land tomorrow.
	  ○ 2/27/2018 - we are still waiting for a part of this feature to land, we manage to test the UI part on all OSes
	  ○ 3/1/2018 - we started to run test cases even if there are parts of this feature that are not landed (bug 1436074)
	  ○ 3/3/2018 - we finish the test run for pre-Beta sign off
	  ○ 3/5/2018 - pre-Beta sign-off: Yellow: Several new issues were discovered during testing and we consider that they are impactful enough to justify this quality assessment.
	  ○ 03/12: Hand-over email was sent
	  ○ Pre-release preliminary report email sent , status is GREEN
	  ○ 4/13/2018 - Pre-release sign off email sent with GREEN status
