

HP Nordic Ski Team Ski Rental

Bring this form and check to Coach Boruff (room 3305) before the first day of practice.

Do not give this form to the high school Athletic Director.

The team has a limited amount of skis and boots available to issue to skiers (approximately 40 sets of equipment - we typically have over 60 skiers requesting equipment). This equipment is available to beginning Nordic Ski racers. Skiers may have to provide their own boots or poles.

Skis will not be issued until the skier is signed up with the high school AD

Skier must attend the end of season shack cleanout day on Feb 26 to turn in skis

The skier can use the equipment for the duration of the season (you may bring the gear home over weekends) unless the skier has unexcused absences or is intentionally damaging the equipment.

The skier is responsible for replacement of damaged or lost equipment.

A \$20 fee is charged for the use of the equipment for the season (\$10 fee for skiers on free/reduced lunch). The fee is used to defray the cost of equipment repairs. **Make checks out to Highland Park High School.**

The skier may not get both skis and boots - it depends on availability. You will likely have to provide your own poles.

Skier Name: _____

Grade: _____
