

## OASL Scholarships

Each year, OASL offers an academic scholarship for members who are studying in the areas of educational media and information technology. Academic scholarships may be used to assist the recipients to further their education in summer or academic year coursework at any accredited college or university.

Selections for academic scholarships are based on the following:

2. Oregon residency or employment in an Oregon school.
3. Experience related to the field of educational media, communications or technology, such as employment, field experience, course work, service to the field through OASL activities, and membership in other professional organizations, etc.
4. Two letters of recommendation from persons familiar with the applicant's professional qualifications and leadership potential.
