

ANCESTRAL INVOCATION PRAYER

My uplifted Ancestors, guides, fierce protectors and skilled healers. Please stand with me [say your name], child of [beloved parents names]. Be with me in this moment, and guide me along my road with a cool head and a clear mind.

I am root of your root, soil of your soil, bone of your bone, and blood of your blood.

Not deaf to our sincere cries; nor blind to our honest placations, keep the gifts of perfect health, wealth, and prosperity close so that we may honor and grow your legacy.

I have not forgotten my commitment to our lineage, and I vow to never forget.
Thank you.

- Physical PRs + weighted vest PRs.

Rewards Earned

- All my goals up to 20.000\$ cleared.
- More power because of my INDOMITABLE belief in myself and the results I create.
- Council member

Appearance And How Others Perceive Him

- Leftists and weak men who don't know him look at Valentin Momas with anger. "He must be so full of himself with his muscles and his clothes. What a dickhead." They all despise him, but deep down, their human nature knows: "We all want to be more like Valentin. Bulging muscles, knows how to talk to women and rizz 'em up, laughing so freely like he was the most confident man in the world. I want that."
- His relatives and people Valentin interacts with say something very different: "He's always entertaining us and I feel truly listened when he's around. Sure, Valentin is on his way up to become successful, but he loves all of us even if we are not on the same path. He's really kind."

Day In The Life Stories.

- Valentin Momas, I, wake up like a madman, sometimes energized, sometimes tired: I don't care.
My sleep time is finished and I got shit to do for my clients to conquer their industries.
- A quick set of pushups later, I watch the MPUC and drink my burning hot coffee while thanking God for these magnificent opportunities on my lap. I'm so grateful. Once done, it is time to start conquering for my clients.
- After thanking My Father In Heaven, I apply HIGH-speed in my work and I produce not 1, not 2, but 3 GWS in a row. Roadblocks get obliterated, my clients keep sending me great updates, and I keep feeling the sheer, raw power of being a conquering man in this world of weak links.
I am the masculine man who gets shit done. I am the masculine man who is brave enough to face challenges and follow God no matter the difficulty or the fear I feel. I am the masculine man who is ballsy enough to prepare in advance so his family doesn't get crushed by financial struggles in the VERY near future. I am that man.

After eating a great meal and analyzing what's gonna be done this afternoon, I do another GWS and then train.

And my training... My body, which is crying for help in this non-sustainable pain, cannot go against my indomitable will and spirit that must suffer in order for weaker people to

be protected by me. Training is part of my responsibilities because it will help me in more areas than I can even think of right now.

After training and showering, it's time to go back to work (remember, I'm just a work addict, nothing else interests me more than working towards my goal 16 hours per day.)

At the end of each day, I always take time to check in with my family, making sure everything is going great, and then analyze my day back, seeing if any grey area can be brought to life and solved tomorrow.

Once my OODA loop is finished and my face cleaned, I lie on my bed, thank The Lord for this AMAZING day, and fall asleep in seconds.

Such conquest is exhausting, and yet I love it.

Work is me. I am work. Just like winning. Winning is me. AND I WIN.

AMEN.
