Describe why you believe this student has a disability. (Give 3 examples of attitude, behaviors, poor work, etc.)

Describe the student's strengths.

Perception of child's ability/performance (Academic/pre-academic achievement including reading achievement or early literacy).

Functional performance (e.g., cognition, communication, independence, self determination, social and emotional learning).

What are your areas of concern (academics, communication, behaviors, social emotional learning)?

In what settings/situations does the problem occur least often?

Medical Concerns

Has the child been diagnosed with a medical condition?

Is the child on medication? (If yes, please add any known information)

Any relevant medical information not mentioned above?

Is there any other information about this student you wish to convey?

Programs, services, or interventions that have been used to address this student's needs and the results of such interventions (including academic or behavior interventions and assistive technology).

Is the child an English Language Learner (ELL) _____

Schools other than Mayville Schools has the student attended? _____
