

Every time I've checked, there's no 2018 500e manual at Mopar.com

If you have a 2018 car you could check whatever you're looking for in the 2017 & 2019 manuals & if they match then it's extremely likely that the 2018 is also the same.

The screenshot shows the Mopar Select Vehicle page. The browser address bar displays the URL <https://www.mopar.com/en-us/my-garage/select-vehicle.html>. The page features a navigation bar with links: My Vehicle, Service, Savings, Parts & Accessories, Assistance, and Lifestyle. Below this is a large 'SELECT A VEHICLE' header. The main content area includes a 'SIGN IN OR REGISTER' section with a link to sign in or register for exclusive content. A 'DISCOVER MORE' section follows, describing the vehicle's design and performance. The selection process begins with 'Let's start with the vehicle's make:', showing buttons for Chrysler, Dodge, Fiat, Jeep, RAM, and Wagoneer. The 'FIAT' button is highlighted with a red box. Below the make selection, a dropdown menu for the year is set to '2018' (also highlighted with a red box). A 'SELECT VEHICLE' button is visible. The 'Model' dropdown menu is open, showing a list of models: 500, 500 Abarth, 500L, 500X, 124 Spider, and 124 Spider Abarth. This dropdown list is also highlighted with a red box.
