E-Learning Plan Grade 3

Hilltop Elementary

Directions: Complete one activity from each category to spell WILD! (Weather Impacted Learning Day). Initial each box and attach any work. Have an adult sign the WILD board.

W	I	L	D	!
READING	MATH	SCIENCE	HEALTH	SPECIALS
Read 20 minutes to someone in your house or on the phone.	Play a card game with someone at your house. (addition or subtraction War)	Put a small amount of water into a bowl. Using Skittles, create a heart shape. Watch.	Start a daily "feelings" journal.	STEAMM: Read to a stuffed animal or your pet.
Write a list of things you love about your family.	Use coins to build equal groups towers. Write a multiplication problem to go along with each. (Example: 3 towers with 10 coins in each is 3x10=30)	Go to the website below. Choose an experiment to try. https://www.mkewithkids.com/post/here-are-two-weeks-worth-of-fun-and-easy-science-experiments	Create a "Quiet Corner" for anyone feeling sad or stressed.	Music: Play songs on your recorder for 10 minutes.
Ask someone to read to you. Close your eyes and picture what is happening. Discuss what you pictured.	Follow a recipe with someone in your home.	Sink or Float Fill a bucket with water. Find objects around the house. Predict what objects will sink and which will float. Then test your ideas.	Ask if there are any photos in your home that you can use. Make a collage of family memories.	Music: Listen to your favorite music for 20 minutes and tell someone why you like it.
Write a letter to someone. Put it in an envelope. Mail it or hand it to them.	Create a new game. Make sure your game has directions to follow.	Put 4 M&M's into a bowl of water with the m facing up. Watch what happens over time.	Talk to a grown up about what they do when they get upset or frustrated.	Phy Ed: Go outside and play in the snow. If you don't want to go outside, invent a game to play indoors.
Build a blanket tent and read inside of it. Make sure to take a picture and post to SeeSaw	IXL: 3rd grade addition and subtraction.	https://www.funwithmama.com/water-in-a-bag-pencil-experiment-water-experiment-for-kids/	Write about a time you felt excited, frustrated, or confused.	Art: Flatten a coffee filter. Draw a couple circles around the filter with washable markers; leave space between the circles. Add a teaspoon of water to the middle. Watch what happens.
