AIT - Minutes of the meeting November 1, 2021.

Discussions about APM 231

Online synchronous: suggestion an activity that can be defined
Online asynchronous: to define an activity

Track the time for participation using Canvas
Syllabus quiz to assess the presence

We do not want the LMS to track anything as a means of engagement.

Criminology: long wait list
Syllabus quiz: tool to monitor the participation
Recommending a learning activity to tell students
how is the attendance measured?

Updates from Brad and Robert

1 - Project: replacing the existing phone system with Zoom call
unified communications.
Choice: Handset or Computer

Robert to send a demo video to share with the AIT committee

To start the system next year
To save money
Collaborative partnership with Monterey, San Diego State.

Lots of nice features, easy to use, Use keypad on the laptop.

2 - Vice president search going on November/December timeframe

3 - Brad updates

To attend events with the people applying for the CIO position

Phone: great tool, to be deployed easily, seamlessly, Cloud first initiative

4 - Adobe
President to spend the student success money to purchase adobe creative cloud (good deal but not free).

Adobe provides a great set of tools.
Help from CFE: get students and faculties engaged.

Not enough licenses to give the software to all the students
To make sure that only people who use will get a license

There will be around 600 licenses for students

Bryan Question: free license for faculty if asked? not sure yet
Bryan Comment: Mechanism to know who is going to use what?
To get better metrics out of adobe to know who is using what
