Prepare for the ASVAB

[Click here for the Official ASVAB Test Prep Site:](#)

The ASVAB is required for military acceptance and will be used not only for acceptance or denial but also to determine job placement options for recruits.

You are allowed 3 tests total, so it is important to give your best effort and prepare.

[How to do your best on the ASVAB:](#)

Make sure and check what various scores are needed for the different military jobs you are interested in. Your score matters a lot when it comes to job placement so know what target score you are aiming for. Your recruiter can help you find your target score and can help you hit your goal.

Use [this link](#) to register to take the ASVAB. Talk with Ms. Hoffa if you have any questions.
