

1.1 Syllabus-Grading

Wellesley High School

Grading Policies for Amie Ciluffo Larson

Grading:

In this course, an A is yours to lose. If you attend class, come with a positive attitude, you are willing to take risks and you follow guidelines for each assignment you will excel. Poor attitude, fixed mindset (not responding well to constructive suggestions/feedback), lack of followthrough and completion of assignments will result in points lost and ultimately this will bring down your grade. Cleanup will also impact your grade.

Deadlines:

Each assignment will have an ending date. This will be given in order to pace your production. You will be allowed to turn in your assignments a second time if necessary. I do expect that you will be prepared for each critique we have and that you will have work to show. If you procrastinate and are not prepared for a class discussion, your grade will be negatively impacted.
