

ACOUSTIC SET LIST

This is my current set list (in no particular order) but I am always adding to it! If you have a specific song request I can often accommodate it with advance notice. Please note, that these arrangements will sound different to the original songs and obviously won't include any lyrics, so if you are not fond of a particular song you might like my saxophone version of it! Eg. Britney Spears sounds unrecognisably classy and not in the slightest bit 90s!
