

What is a School Committee?

The School Committee plays a vital role in shaping the policies, budget, and direction of our schools. As elected representatives, committee members work to ensure that our schools meet the educational needs of all students and reflect the values of our community.

Meetings are held monthly, and families are encouraged to attend in person or virtually. Each meeting includes an opportunity for public comment, giving you a chance to share your thoughts, ask questions, or provide feedback on school-related topics.

You can find School Committee meeting dates, times, and access links on our website: [Deerfield School Committee | Frontier Regional and Union 38 School Districts](#) . Joining a meeting is a wonderful way to stay informed and engaged in the decisions that impact our schools.
