

Promotion Information

A sincere thank you for wanting to promote SECockpit as an affiliate. We have created a webinar as well as email-templates. With this, you can send first-class content and additional benefit to your list.

1. Emails

Invite your list to our SECockpit Webinar.

Do this using our email templates or compose the emails yourself.

Naturally, you are free to take on adaptations or to send further emails.

2. Invitation-Link

Integrate the link leading to the invitation / registration for the webinar into your email.

Use the invitation-link we provide you with.

This link leads directly to our Webinar-Invitation-Landing Page.

3. Insert Affiliate-ID

Adapt the link / links with your personal affiliate-ID.

This is important, as it allows us to assign the sales you conveyed.

4. Sending

Send the webinar-invitations to your list via email.

Each time someone from your list clicks on your link, this will be permanently registered. At the end of the webinar we have integrated a pitch and the webinar-participants can buy the product. As soon as a person from your list makes a purchase you will have a part in the proceeds.

5. Wait and Profit

Thanks to lifelong tracking, you can even profit from purchases made weeks later.

But you can also stay active and send further invitations - or promote other products from SwissMadeMarketing.
