My working Day

I am a pupil. I go to school 74, to the fourth A form. I usually get up at 7 o'clock in the morning. I go to the bathroom, wash my hands and face, and clean my teeth. Then I have breakfast. My mum cooks very tasty breakfast for me. After that I put on my school uniform and go to school. The lessons start at 8.45. I have 5 or 6 lessons every day. At 11.05 we go to the school café and eat lunch. School day finishes at 2.10.

I have got many friends and we often play together after school at the playground. I come home at 3 o'clock. Then I have dinner and do my homework. On Tuesday and Thursday I go to the sports school (music school, art school, drama school ...). We run, jump and play football there. (I play the piano. I draw pictures.).

In the evening I read books, watch TV or play computer games. At 10 o'clock I take a shower and go to bed.

On Saturday and Sunday we don't go to school and I don't get up at 7 o'clock. Last Sunday I got up at 9 o'clock. Then I had breakfast and watched TV. At 11 o'clock my mother and I went for a walk in the park. We had a good time. It was fun!.

In Summer I will ride a bike, swim in the lake and lie in the sun.

Seasons and Nature

My name is... I want to tell you about seasons and nature.

There are four seasons in the year: winter, spring, summer and autumn.

The winter months in Great Britain are November, December, January and February. Winter is the coldest season of the year. In winter the days are shorter than in summer. In winter it snows and rains. There is a lot of snow. Forests and fields are white with snow. They look wonderful.

Spring comes after winter. In Great Britain there are two spring months: March and April. In spring it's warm and the grass is green. Trees with their small green leaves look beautiful in spring. I usually enjoy the sun because it is not very hot.

In Great Britain summer begins in May. There are four summer months: May, June, July and August. The days are long and the nights are short. Summer is the warmest season of the year. The weather is usually warm, but not always. When the sun is high in the sky, it is hot. The forests are green in summer.

Autumn months are September and October. Autumn is usually a nice season in England. It is warm and dry, but it can rain a lot too. I think that forests are more beautiful in autumn than in winter. The leaves in the trees are of different colours – green, yellow, orange, red and brown. The leaves fall down from the trees. Autumn is a tasty season – there are a lot of vegetables and fruit.

My favourite season is [summer] because [I like to swim and to play football].

Food in my life

People cannot live without food. Where does our food come from? Meat comes from animals. People eat domestic birds, too. Eggs come from birds. From milk people make butter and cheese. From plants we get fruit and vegetables.

Different food comes from different countries. Oranges and bananas come from Africa and America. A lot of vegetables and fruit grow in Russia. Some people grow plants in their gardens. For example, my granny grows ... (carrots, potatoes, red tomatoes, green cucumbers, red strawberries, green, yellow and red apples ...) at our dacha. She likes gardening.

Usually we buy food in the shop. Sometimes I help my mother with shopping. We buy Yesterday went to [название магазина] and bought

I eat four times a day: breakfast, lunch, dinner and supper. Yesterday I ate for breakfast. For dinner I ate
My mother cooks very nice meals. I always remember to eat the right food.
And what do you like to eat? What did you eat yesterday? Can you tell me, please?

I like animals

I like animals very much. There are wild animals and domestic animals. We can see wild animals in the zoo.
Last week my mother and I went to the zoo. We saw a lot of animals there: tigers and lions, elephants and monkeys, giraffes and crocodiles, wolves and foxes, white bears and brown bears, horses and hares.
The elephant is the biggest four-legged animal. It has got a very long nose – a trunk, and two long white teeth – tusks. The giraffe has got the longest neck. The hare's tail is shorter than the tiger's tail. We watched monkeys. They were very funny. They jumped, ran and made funny faces. I think that monkeys are the most interesting animals.
Some domestic animals live on farms, for example, cows, goats, pigs, horses.
A lot of people have got pets. I have got a cat. Her name is Pussy. She is two years old. She is black and white. Pussy is very clever. She answers her name. I teach her to jump high. Sometimes I take Pussy for a walk. I give Pussy cat food to eat and milk to drink. She also likes cheese and cookies. My mother and I look after her. I love Pussy very much.

Clothes

My name is ... I want to tell you about my clothes. I have got a lot of nice clothes. In winter I usually wear a warm coat, a hat, high boots and mittens. In Summer I wear a T-shirt and shorts, or a dress. When I go to school I put on my school uniform: a grey jacket, a white shirt (blouse), trousers (a skirt) and black shoes. At home I always take off the school uniform and wear a T-shirt. When I go to the sports ground I wear a sweater, pants and trainers. In rainy weather I put on a raincoat. Last Sunday I went to a party and wore ... (a beautiful dress and shoes/ a beautiful sweater and jeans).
I buy my clothes in the shop. Last Saturday my mother and I went shopping. We were in the shoe shop. I said to the shop assistant:
'I'd like a pair of shoes, please.'
'What colour would you like?'
'Brown'
'And what size do you want?'
'Thirty five. Can I try them on?'
'Of course'
I tried the shoes on, but they were too small for me. The shop assistant gave us bigger shoes and they suited me very well. We bought them. I look great in them.
In Summer I will go to my dacha. Next Sunday my mother and I will go shopping for new Summer clothes. I like to buy new clothes very much.
