Amplify

In preparation for this gathering, please complete the following:

- Identify a partner that you can share your Google Classroom with while we are doing online activities so you will be able to practice together.

Outcomes:

- Educators will develop the knowledge and skills needed to create and use Google Classroom for remote and blended learning.
- Educators will develop the knowledge and skills needed to integrate GSuite and other technology tools into Google Classroom.
- Educators will develop the confidence and knowledge to design learning experiences that engage and support all students during remote learning and blended learning
