

☆ A New Place to Call Home ☆

[Town Event]

As the first boats approach the island, everyone gathers at deck, eager to get a first glimpse of their new home. Starhaven emerges from the morning mist like a scene from a dream. The landscape stretches out, vast and waiting. Bare trees stand like silent sentinels watching over the land, their branches etching delicate patterns against the horizon. Buildings in various stages of construction dot the area, signalling a community in the making. The air is fresh and energising, carrying the promises of new beginnings.

Welcome to Starhaven, new residents!

You haven't just moved to a new place; you're about to play a crucial role in building a new community - a new way of life - in a land that holds endless possibilities.

There's plenty of work waiting for you. Most of the buildings need your attention and care. You'll likely spend a good amount of time setting up your home and workspace before falling into a comfortable routine. But remember, it's not all about work. You're not the only one starting this adventure; many others have arrived with you—future colleagues, neighbours, and friends. Take the time to connect with them. Socialising and building relationships are just as important as setting up shop. It's all part of making Starhaven not just a place to live, but a community to call home.
