## EXPERIENCE

### Babysitting

I started babysitting when I was 12. I really love babysitting because I love working with kids. I babysat my neighbors kids like a lot and i just love working with kids and i just like feeling like a parent because i want kids in the future and if i do lots of babysitting i will know what to do with my kids in the future.

### Locomte Tiles

I've done some tiles with my dad and his boss. I started in 2019 with my dad and we just do tiles anywhere where the customer wants it. For an example me and my dad and his boss vik. We did tiles on bath floors and walls and basements and elevator but it depends on how big the place that they want us to do it on.
