Terms of Service

GENERAL

- I reserve the right to decline any commission at any time. If there are any unforeseen circumstances that lead to a long delay or the inability to complete a commission I can refund the price entirely or complete the work on an extended timeline.
- Please supply coloured references when expressing interest, text references are okay but please understand that a complete lack of visual references will severely lengthen the mockup process.
- I can send screenshots of the artistic process while I complete the work via social media or email.
- I will not create work for NFTs or anything pertaining to or including: hate speech, racism or sexism.
- If you do not wish for me to post or stream the commission as a work in progress or use them to advertise my commissions in the future please let me know in advance.
- *Sketch* styled works have a fast turnaround and are meant to be loose and stylised: thus I am heavily limiting revisions and adjustments (within reason) to the work once I have started rendering.

PAYMENT

- I will be taking payments exclusively via Paypal.
- Prices are definitive unless I am charging extra for additional details within the work.
- Payment is required before I start the work, although I will happily draft a loose sketch before payment to better understand your request.
- No refunds are available once the line art has been started.

QUEUE

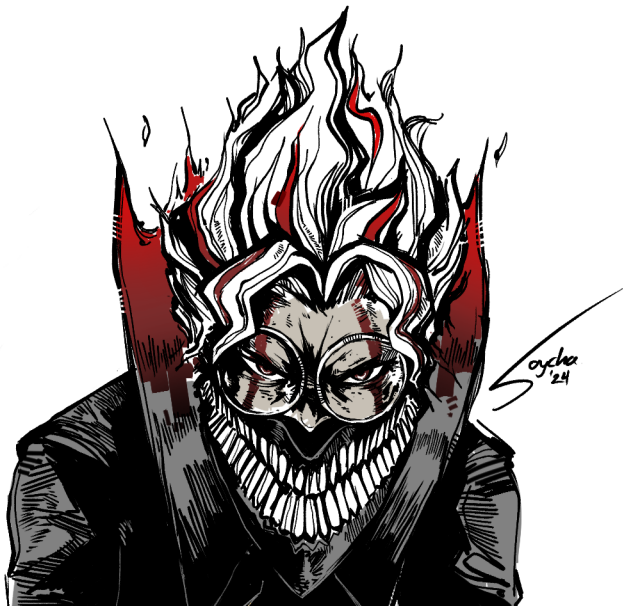

- Once I have a full queue I will close my commissions until I have completed enough to be able to take on more.
- Your position in the queue is confirmed upon payment: the sooner you pay, the better your position.
- If you require the work within a specific time frame (i.e. as a birthday gift) we can negotiate a rush order fee and I'll prioritize your request.
- If unspecified, expect a 1-14 day working period.
