

To whom it may concern:

On behalf of one of the Service Providers from CLARIN Service Provider Federation (SPF) [1]

we would like to inform you that users from your home organisation tried to access a protected service or resource but were unable to do so because your Identity Provider has not released all the mandatory attributes.

All the Service Providers in the CLARIN SPF are

- 1) implementing the GÉANT Data Protection Code of Conduct [2];
- 2) are members of the REFEDS Research and Scholarship Entity Category [3];
- 3) are CLARIN members and have the <http://clarin.eu/category/clarin-member> Entity Category which you can use for filtering.

Therefore, we kindly ask you to implement a filter releasing the required attributes to all CLARIN SPF members.
