[Voice 1]

Reodo: I'm Lumiere's vocalist, Reodo. I don't really care about recognizing only the ones who want to listen to my music and follow me.

Reodo: But the people that do, I call them "Minettes." I'd decided that I would never betray their expectations. And by the way, "Minette" is the name I gave to the cat I bought earlier.

Reodo: "Do you like foods besides strawberry shortcakes?" I do, things like cream puffs. And by the way, I don't like the ones that use whipped cream. I don't accept those. Please make them with custard.

Reodo: "Something important to you?" That has to be music for me. You don't need to ask to know that, right? That's why all of you who listen to my songs are just as precious.

Reodo: "A place you like?" I like a lot of places around town, but at the end of the day, I love being on stage most. It gets my blood pumping.

Reodo: "How do you spend your day-offs?" Hm, I stay home a lot of the time, and I go shopping at times.

Reodo: "Do you like cats?" Well, sort of. We went with my opinion for Lumiere's cat logo.

[Voice 3]

Reodo: The song I wanted to make is finally taking shape. I want to show it to the people who have been waiting as soon as possible, so keep your hopes up. That's all. This was Lumiere's Reodo, thank you.

[Voice 4]

Reodo: ...

Reodo: HUH?! What? What was that just now?!

Reodo: P-Panda...? Why're you-

Reodo: ... Hey. What are you pulling all of a sudden?

Reodo: "Wake-up Bazooka Fanservice" ... Don't mess with me...

Reodo: And you, don't just stand there and record, stop this at once! HUH? A word for the fans...?

Reodo: ... Thank you for always supporting me, my Minettes.

[Voice 5]

Reodo: You over there, the one always supporting me. I'm really grateful for getting me where I am, one way or another. I wouldn't usually say this as a live MC, but let me say it today. Because I'm always watching you from the stage. Thank you, forever.

[Voice 6]

Reodo: Hey, where are you now? I kind of wanted to see you right now... And you? Ah, then come meet me, quick.

Reodo: ... Is what I want to say, but nope. Because I get worried about you, okay? So I'll go see you myself. Don't move a single step, got it?
