Senator Reverend Raphael Warnock
B40C Dirksen Senate Office Building
Washington, DC 20510

Dear Senator Warnock;

Thank you for your ongoing commitment to justice and human dignity in immigration policy. I am writing to ask for your leadership in the effort to defund ICE detention facilities, including the Folkston ICE Processing Center in Georgia.

The continued operation of these facilities enables policies that separate families, detain children, and hold individuals who pose no threat to our communities. As your colleague Senator Ossoff has documented, these practices not only harm vulnerable people but also waste federal resources that could be better spent on programs that ensure due process and prioritize true public safety threats.

Your voice is critical in the fight to redirect federal funding away from mass detention and toward alternatives that respect human rights and the rule of law. Community-based programs, legal representation, and targeted enforcement are more effective, more humane, and more consistent with our values as a nation.

I urge you to work with your colleagues to reduce or eliminate funding for ICE detention centers, and to champion policies that protect children, keep families together, and ensure that our immigration system is fair and just for all.

Thank you for your leadership and your service to Georgia.

Sincerely,

[Your Name]
