

## **Higher Level and Standard Level Course Options—Class of 2028**

- Students must complete one course in each of the six groups. Because a few SL courses are completed in one year, they will leave an opening in the schedule for electives or graduation requirements in the other year.
- Students must choose three HL courses and three SL courses OR four HL courses and two SL courses. In general, we recommend three HL and three SL rather than four and two.
- HL exams take place only in the senior year, and students may take no more than two one-year SL courses.
- In addition to the HL and SL courses, students will take a two-year IB Core class that will include Theory of Knowledge; the Extended Essay; and Creativity, Action, Service.
