This list includes institutions that are "test optional," "test flexible" or otherwise de-emphasize the use of standardized tests by *making admissions decisions -- without using ACT or SAT scores -- for all or many applicants who recently graduated from U.S. high schools.*

As the **endnotes** indicate, some schools exempt students who meet minimum grade-point average or class rank criteria; others require SAT or ACT scores but use them only for placement purposes. Please check with the school's admissions office for details.
