To Whom it may concern,

I'm writing on behalf of Rachel Brown. Ms. Brown is the most spectacular educator that I have ever had the privilege to know. During the 5 years that I have known her I have witnessed her enrich the Fort Worth Community through various projects and enrichment activities that she single handedly spearheaded.

I've watched Ms. Brown personally write and receive a grant that changed the Harmony School Parking lot into a Garden and Nature learning center for the students. I've watched her conduct monthly Family Wellness workshops where she has gotten various community Health and Wellness companies to come in and engage the students and promote fitness and a healthy lifestyle.

Ms. Brown created the Fort Worth Judo After School Program in which dozens of Harmony students had the alternative of Judo for working parents instead of going to a daycare. Ms. Brown has created numerous donation drives for students in need collecting items from school supplies to clothes to Christmas gifts.

Rachel Brown is absolutely one of a kind and the work she has done in the community has often come during her free time and at her own expense. There is no one more hardworking or dedicated and she will raise the value of any business lucky enough to work with her.

Sincerely,

Carrie Chandler
