

Turning Math Notes into Cornell Notes

Give [Algebra wksht](#). Go through notes and have them turn it into Cornell using a cornell flap made out of half sheet of binder paper

Follow steps:

- 1) Name, date, period, topic
- 2) Notes
- 3) Grade problems - (1) I did it on my own (2) I needed a little help or made a tiny mistake (3) I just copied down notes and didn't solve on own
- 4) Compare
- 5) Questions
- 6) Summary
- 7) Interact
- 8) Study - make practice problems on note paper
