

The Bubble Queen has been officially crowned.

Let me start by saying, I am truly proud of myself for my placement in this game. 4th is actually an incredible feat for a trophy game. Especially considering I was on a boat across the world for the first 2 weeks which are the most essential weeks of the game. I do believe because I was on the boat and wasn't able to form some relationships with others is one of the reasons why I'm bubbling. But anyway, I am truly proud of myself for achieving what I have achieved in this game. Although I won't be getting a trophy this time around, my time will come and I do believe I will get GOLD soon enough. Let's move along to the next area of my goodbye speech...

Hosts!!

Thank each and every one of you for your hard work in this game. I believe hosting is one of the most selfless things someone can do and all of you have done amazing work this season! I cannot tell you guys how much it meant to me for each of you to be so kind to me when I found out I was bubbling. You all are dear friends of mine and I had a lot of fun with ya'll!

Now let's dig in...

Ahrre, I am so happy for you that you are going to be trophying this season! You truly deserve it and I'm rooting for you to get gold! You have been on the block like 5 times and now you came out the cut with these wins to ensure you a trophy. I will be fighting for you in the jury! Know that!!

Calzo....

Ugh. We'll start with Calvin. Cal, I considered you a friend of mine before this game, I truly did. You were one of my favorite people. I'll dig a little harder into you if you make f2 but sucking up Zeezo's asshole doesn't mean you deserve a trophy. You don't deserve a trophy PERIOD. Not more than me, not more than jessy, not more than ANY of the jurors. **Know that.** Not one single juror thinks you deserve a trophy. Also, belittling me because I was upset about the game and calling me desperate just proves that you are a mean spirited human being. I care about the game, I put my heart into it and played to win (unlike you) so yes I know it's just a game but it's a game that I CARE about. You are a disgrace to the lobby and any org player that actually gives a shit about the game.

Now.... Zee. In the beginning of the game I thought you were running shit and I saw you as my biggest threat. I honestly wanted you out D1, I'm sure someone has the logs somewhere. I thought you were untouchable and playing a great game. Then shit popped off with Jessy and I got sent the logs of what you said to her... I lost all of my respect for you. Jessy is one of the kindest people I've met and she plays the game

hard and dirty, which I RESPECT. For you to call her names, “psychotic, sociopath and a MAN” (when honey 85% of the lobby thinks you’re a man too) is cruel and uncalled for. Like Calvin said, “it’s a game.”

Now onto you self evicting. YOU ALMOST LEFT THE GAME AT FINAL FOUR. That puts you and Calvin in the exact same boat. Neither of you care about the game, you almost disrespected not only the hosts but **every single player** of the game. And sure, you can say in F2 when everyone attacks you for this, “but I decided to stick it out and didn’t quit!!” but bitch you thought about it. I can say that none of us jurors even thought about quitting, ESPECIALLY at F4. That is a disgrace. You don’t care about trophying, you don’t care about the game and you don’t care about anyone but yourself.

AND for you to say the shit about me abstaining 10 times, **bitch I matched your comp wins (not including F4 POV) WHILE abstaining majority of the competitions...** I didn’t even have to try to match you... try again next time.

But that’s it, 2 undeserving people are going to trophy and ahrre is going to HOPEFULLY take this thing home. Know that I’m never gonna give up playing for a trophy and I’ll be back.
