Article History:	Abstract: Please write the abstract in English or Arabic, max 250 words. An abstract is a brief, comprehensive summary of the article's contents. It allows readers to survey the contents of an article quickly and, like a title, enables persons interested in the document to retrieve it from abstracting and indexing databases. The abstract contains the main problem or research objectives, shows the approach or method used to solve it, and presents essential findings, conclusions, and implications of research results. Abstracts are presented in a paragraph containing 150-200 words. There should be no spelling, grammar, and expression errors in the language used.→Abstract (10 pts).
