“Hello Dixie. My name is BrexitBlaze and I’m currently your House Rep in the third Congressional district. Today, I would like to take this opportunity to make an announcement. I’m running for the Dixie state Assembly on the Democratic Party’s list!”

“I have enjoyed my time in Congress throughout my term and an half. However, as I’ve reflected on what I’ve done in my time in public service, I realized that my goals can be better met in the state Assembly. I got into public service to help the people and I feel that being in my home state will help me better connect with the good people of Dixie.”

“Look, the fact is that Dixie is at a crossroads. We have a Republican Governor and an assembly up for grabs. My opinion may be unpopular in my party, but I believe that we must reach a compromise with the Governor to get stuff done. One party rule is never a good thing. We need to work together to solve problems, not against each other.”

“There are big issues facing the state. We have a climate crisis that we must solve, before it becomes too late. Systemic racism is still present and must be routed out of our society. Drug addiction is a major problem and we need to treat addicts. And we still have mentally unstable individuals with guns.”

“ These are not partisan issues. These are issues that can be solved if we come together as a state. That’s exactly what I’ll bring as a member of the Dixie assembly. Let’s not pull apart, but rather let’s come together. Thank you!”
