**** To eliminate errors I recommend doing separate transactions so you know where errors occur! ****

Hi! Welcome to my CVS breakdown if you're new here are some things you need to know! CRTs are curated by what **YOU** have purchased on your account. Everyone's account is different and you will have a CRT that someone else doesn't have. CRTs are CVS coupons in the app they won't have pictures these also stack! Manufacturer coupons are the ones with pictures, these won't stack remember to read each coupon. If you plan on rolling Extracare bucks remember to only roll however many you're getting back!
(Example: Spend \$30, get 10 ECB, I would only use 10 ECB)

If you're here early, the video will be up soon! :)
