

Personalized Learning Plan

Directions: Answer the questions and be prepared to discuss your plan with your digital coach.

Participant	
Digital Coach	
Subject	

Identify a Goal

After meeting with your Digital Coach, which Technology Use Continuum domain would you like to work on to improve?

What measurable instructional technology goal would you like your students to achieve?

What data will you use to show your students' progress toward achieving the learning goals?

What teaching strategy could you use to help achieve your goal?

Personalized Learning Plan

Professional Learning Plan

Action Steps — How will you and your Digital Coach work together to accomplish your goal?

1.

How do your action steps outlined above align with your Professional Growth plan?

Impact on Student Learning

Learning Objective — *What will your students learn?*

Assessments — *What assessments will you use to show your students' progress towards the learning goal?*

Impact on Student Learning — *How well did your students learn the objective?*
