**Now for a moment of silence...**

Today, September 10th, is World Suicide Prevention Day. The theme for 2025 is 'Changing the Narrative on Suicide,' which reminds us to replace stigma with understanding, and silence with conversation.

Mental health is just as important as physical health. Taking care of ourselves and checking in on others can make a huge difference. You don't need to be an expert to help; a simple question like, 'Are you okay?' can open the door for a conversation that might save a life.

Seniors, today is the first day to use Late Arrival / Early Dismissal. You **MUST** sign in and out at the security desk upon arrival or departure from school.
