

Terms of Service

By commissioning me, you agree that you understand and accept the following terms. These outline how I work, what I expect from clients, and how my art can be used. These terms apply as long as I'm working as an independent freelance artist. If I ever join a company or collective, the terms may change.

General Guidelines

- Please be clear with your request! Send clean, easy-to-understand references. Messy or unclear images may cause delays or confusion.
- Be specific with poses, expressions, or ideas. If I need clarification, I'll reach out.
- Respectful communication is expected at all times. Rude or inappropriate behavior may result in cancellation.
- If the rules aren't followed, I reserve the right to cancel the commission at any time.

Payment

- **Accepted method:** PayPal or Ko-fi only. USD is preferred to minimize fees, but other currencies are okay if needed. For clients in the Philippines, Mobile Wallets (like GCash/Maya) are totally fine!
- **No cryptocurrency or NFT payments.**
- **No haggling or price negotiation.** I may adjust pricing slightly depending on design complexity, but I don't offer discounts.
- **Payment schedule:** 50% upfront, 50% after the piece is completed.
- Please **don't send payment until I've accepted your commission.**
- High-resolution files will be sent via email, kindly please provide one if ever.

Refund Policy

- Cancel **before** I start sketching: full refund.
- Cancel **after** the sketch is delivered: I'll keep the first 50% payment.
- If I've started lineart or further: no refunds.

Commission Process

- I'll send a rough **sketch first** based on your idea. Once approved, I'll continue to lineart, coloring, and finishing.
- **Major changes** (e.g. new pose or design tweaks) are **not accepted** after sketch approval. Additional revisions may cost extra.

- **Timeframe:** Commissions typically take 1–2 weeks depending on complexity. Please be patient.
- You're welcome to check in occasionally, but daily messages will delay progress.
- If life events delay the process, I'll inform you. Refunds won't be available after lineart is started.

Usage Rights

- **Personal use only** unless otherwise agreed.
- **PLEASE** do not use my art for NFTs, AI training, or political content.
- **Credit is required** if you use my art for icons, roleplay, banners, or profile pictures.
 - (e.g. "Art by @anitendou" on your bio or post)
- You can crop/edit for personal use, but **do not claim it as your own**.
- If used to promote a brand, website, or any product, it counts as **commercial use** and must be paid for accordingly.

Prohibited Uses

- No commercial use without paying the commercial fee.
- No NFT, AI, or cryptocurrency-related use.
- No use in hate speech, political messages, or offensive material.
- No resale without proper agreement and royalty terms.
- Claiming, tracing, or heavily editing my art

In a nutshell,

Please respect the time, effort, and creativity that goes into each piece. These terms help protect both of us and ensure a smooth experience. If you're unsure about anything, feel free to ask before commissioning me!
