Provide a general synopsis of what the course/activity covered/contained.

This session on Low-Carbon Transportation Materials (LCTM) is designed to provide basic information on LCTM and updates from the Maryland State Highway Administration on their LCTM program. Information on Environmental Product Declarations (EPDs) such as, what they are, their purpose and need, how they are developed and used in construction would also be presented. The session would include a panel discussion that would offer the opportunity to provide perspectives from several stakeholders and shed more light on the collaborative efforts needed to facilitate LCTM and EPD implementation in Maryland.

Attach any documentation of participation: i.e. Certificate of Attendance/Completion, transcripts, handouts, tests, programs, outline, reports and other demonstrative evidence of attendance.
