♡How to order♡

DM me with your requests and character info

I will give you a quote and my Paypal account and start drawing after I receive payment.

If Waitlisted, I will note your name down and contact you when I am able to take your commission.

I will draw	I will not draw
Females	Males (for fully rendered illusts, sketch OK)
OCs/Fanart	Heavy Mecha
Animal ears/tails	Full furries
Slight NSFW	Heavy NSFW

*If I refuse your commission, it is most likely because I am not confident with delivering a painting that is up to standard based on your requests/requirements. I want commissioners to be happy with the result so please don't take it personally ^^

♡Terms of service♡

♡ Full upfront payment before I begin drawing

♡ No refunds after payment

♡ I will allow 2 revisions at the sketching stage, subsequent revisions will have extra charges depending on complexity.

♡ Commissions can take from 1 week to 2+months depending on how busy I am with school/other commissions. Please be patient with me as I am a full time student and when I work on commissions I want to work on them patiently to ensure good quality work.

♡ When I am done I will send you the completed commission in high RES to you via email. You are free to share it but please post the watermarked version and credit me :)

♡ I will post finished commissions/WIPs on my social media as part of my portfolio

♡ I have the right to decline commissions so please wait for me to approve before payment

♡ Commissions are for personal use only, for commercial use please DM me for a quote.

♡ I might use your commission to sell as prints/merch as I own the rights to my art. However this will only apply to fanart, I will not resell art of personal characters/OCs.
