

THE TREASURE MAP

En la clase de inglés hemos hecho un mapa del tesoro. Y aquí damos los pasos para llegar a él.

There is a treasure in the island.

In the east there are a jungle and a waterfall.

In the west there are a city and a big beach.

In the north of the island there are high mountains and a lake. There are a desert and a volcano.
There is a river from the mountain to the sea, in the south.

The treasure is at the end of the river.
