A 100% welcome bonus up to \$7,000 is available to all new players at Spinch Casino. To qualify, make a minimum deposit of \$30 and enter the promo code WBSPIN when you make your payment. If the transaction goes through, you will instantly receive the bonus funds in your player account.

The welcome bonus has a 40x wagering requirement. When using the bonus money, you can bet a maximum of \$2 per spin. To withdraw any winnings, you need to meet the playthrough requirement first.

As part of the welcome offer, you also get to spin the Spinch Wheel. This gives you a chance to win either cash prizes or free spins to use on slots. These wheel spin prizes also have a 40x wagering requirement before you can withdraw winnings. The max bet when using wheel spin prizes is \$7.

Other Promotions

Besides the welcome bonus, these are the other claimable offers on the Spinch Casino promotions page:

Spinch Casino Review

Spinch Casino is a product of Bets Entertainment N.V. The website is new, yet it has impressive offerings. You can play safely in the online casino, as it's regulated with a license from the government of Curaçao. The platform employs third-party security features to further protect its site.

It's worth noting that Spinch Casino is a crypto-friendly casino. The platform supports digital coins via CoinsPaid, and you can transact using all the popular ones. There are bank cards and eWallet options if you prefer payments via fiat.

In terms of games, Spinch Casino boasts an extensive lobby. You'll find titles from over 60 developers, including top names like BGaming, Evolution, NetEnt, Play'n GO, Pragmatic Play, and Red Tiger. There are titles in different categories, like slots, table games, and live dealer options.

To keep players safe, Spinch Casino features several customizable responsible gaming restrictions. So, you can place limits on your deposits, wagers, and losses, among others. Furthermore, the gaming website works with Gambling Therapy, GamCare, and Gamblers Anonymous for external help.

Games and Software

More than 7,000 games are available to play in the Spinch Casino lobby. Among these games, around 6,000 are slots, making them the majority on the website. Some top titles you can play include:

- Buffalo Trail
- Cleo's Secret
- Wolf Power
- Sun of Egypt
- Golden Piggy Bank
- Jurassic Fight
- Book of Egypt

If you prefer table games, your options include different variations of blackjack, poker, hi-lo, roulette, and others. There are live casino options for players who prefer more interactive gaming sessions.

Deposits and Withdrawals

As a crypto-friendly casino, Spinch Casino lets you deposit using BTC, ETH, LTC, XRP, DODGE, USDT, and ADA, to name a few. Alternatively, you can pay fiat money using your bank card, eWallet, or bank transfer. Withdrawal methods are identical to those you can use for deposits.

How long a transaction will take depends on your payment method. Crypto payments are usually instant, although some take up to 30 minutes. If you use bank transfer, it'll take one to three banking days.

Mobile Compatibility

Spinch Casino doesn't offer players any mobile applications for Android or iOS. However, you can still play conveniently on the website via a browser on your smartphone.

That's because the site is responsive, and the vast majority of games in the lobby are mobile compatible. You can also add the casino's website icon to your home screen for fast access.

So far, playing at Spinch Casino has been fun. I always love websites that let me deposit through Bitcoin, and this one came through. I can fund my account instantly and start playing games. Talking about games, the lobby is one of the largest I've come across.
