

Cove Girl Scout Troop, # 45413

Thanks to everyone who came to the parent meeting. I'm sending some additional information home based on items the parents expressed supporting.

Uniform Information

Uniforms are **not required**. The attached a picture illustrates how to put the uniform together for your daughter's age level. Most girls just get the sash, but whatever you choose (even nothing) is fine.

If you do decide to get a uniform, the only patches you should prebuy are:

- American Flag Patch
- Girl Scout Council Identification
- Troop Numbers (listed above)

We are skipping the Crest entirely.

We'll be getting the girls all of the membership pins, awards, activity and journey badges.

You can go to your local hobby shop, go online or go to the official girl scout store to get supplies.

Fall Product Sales

We have decided to support the girls in selling fall product. We will use the proceeds to go on extra activities and go camping. All activities will be on days off of school and are optional. **Selling fall product is optional.** If you decide to have your girl participate, please...

- Fill out and send back the permission form and internet safety pledge (1 sheet)
- Talk to your daughter about a reasonable goal to set to earn rewards.
- Fall product ordering supplies will come home at the September 28th meeting.
- Girls must be signed up with the counsel in order to participate in fundraising.
 - <https://girlscouts.secure.force.com/girl>
 - \$15 sign up fee goes to council to pay for insurance
- If you would like to help the troop, this is a good opportunity. We could use some help picking up the product and the rewards when they comes in. Just fill out and return the green sign up sheet. This is a great one for HS parents. We'll have the HS girls manage portions of this during troop time. It could be a great way to partner with your daughter on an activity!
