

Legislative Advocacy 101, with Megan Larkin

January 17, 2025

Summary

Join *Rainy Day Recess* as we kick off a new series exploring the Washington State Legislature and its impact on Seattle Public Schools. We're joined on this journey by Megan Larkin—advocate, SPS parent, and legislative expert—to break down how laws are made and how you can take action to shape them. With critical education funding gaps and a new legislative session underway, we'll give parents, educators, and students the tools to stay informed, speak up, and make an impact for Seattle Public Schools and beyond.

Each person's opinions are their own. Contact us with any comments or corrections at hello@rainydayrecess.org.
