5.C. Administrator Updates

5.C.1. Academic Update

Mrs. Kenna Moody shared that TIA was not included this month because there were no updates to the framework. Submission will be on the 16th.

5.C.2. Special Programs Update - Emergent Bilingual

Mrs. Kenna Moody shared that TEA requires that the district present the emergent bilingual program to the board annually. Additionally, any requests for waivers for ESL certification will also be presented to the board for approval. The current emergent bilingual population in the district is 27, 18 students at BES, 3 students at BJH, and 6 students at BHS. We are an ESL district because we do not have 20 or more students in one grade level. As a district, we offer ESL services in one of two methods: pull out or content based instruction.

Mrs. Kenna Moody shared the process for identification and exit, and identified teacher certification shortages. Mrs. Kenna Moody shared information about the assessments that Emergent Bilingual students take. Mrs. Kenna Moody shared the district's intent to file a waiver with TEA and support teachers as they seek ESL certification. Mrs. Kenna Moody shared that one of the challenges is attracting teachers who already possess the certification is the lack of a stipend.

5.C.3. Athletics Update

Mr. Kevin Hermes shared that the volleyball and junior high football is winding down. The cross country season has also concluded with a 7th grade girls district championship. Coach Hermes shared that of the 120 student-athletes, only 2 students were ineligible for grades highlighting a true focus on being students first.

5.C.4. Special Education Update

Mr. Brent Coleman shared that the district is in the middle of the TEA Cyclical Audit. He shared that part of the information needed to submit is a stakeholder survey and discussed the importance of participating in the survey.

5.D. Bond Updates

5.D.1. Banquete Junior High - CLK Architects

Javier Huerta from CLK shared a condensed version of the project update, reviewing progress and outlining what to expect moving forward. Mr. Huerta shared that the bidding documents for the new Junior High will be completed in December, with the project scheduled to go out for bid in early January. Construction is set to begin in early February.

Phase 1 is targeted for completion in March. Phase 2 will include the demolition of the current Junior High and the interior demolition of the existing band hall. Renovation of the band hall is scheduled to begin in August and is expected to be completed by January 2028.

Planning for other projects, including CTE and athletic fields, will begin once the budgets for the Junior High construction are finalized. At the last meeting, we discussed the budget, and I am working to schedule a meeting to explore options for potential cost savings. One option is to renovate the existing band hall rather than build a new one. Another option is to renovate the existing Junior High gym and use any remaining funds from the budget to provide necessary upgrades.

Mr. Huerta reviewed a brief overview of the management services that will be discussed in item 7.D. The goal is to minimize cost.

Mr. Dado Pena asked when the construction was going to begin and asked if we had any costs. Mr. Huerta responded that because the project has not gone out to bid, we do not have direct costs.

Mr. Bert Perez asked about the square footage of the project. Mr. Huerta shared that there were two sets of square footage, new construction and renovation.

Mr. Benji Ramirez gave Mr. Huerta feedback on the visual provided so that we could post on the district website and share with the community.

Mr. Omar Ramirez also gave feedback and reminded the board of the upcoming Town Hall Meeting.

Mr. Huerta shared that for the Junior Architect Day and the Town Hall Meeting, we will have renderings, virtual reality, and digital imaging.
