

Model Motion: Affiliation to the Climate Justice Coalition and Trade Union Caucus thereof.

This (insert union / branch) notes that the Climate Justice Coalition has worked tirelessly to reframe the debate on the climate crisis, putting workers and social justice at the heart of the climate justice movement.

We further note that the Trade Union Caucus of the Climate Justice Coalition has led these efforts, bringing together thousands of trade unionists from every union and sector and helping to centre the voice of the trade union movement in the coalition and the wider climate justice movement.

We further note the existing affiliation to the Climate Justice Coalition and Trade Union Caucus of our fellow trade unions, including PCS and UNISON Scotland.

We further note that the climate crisis will define politics and economics throughout this century, impacting working people in every way. From fast rising prices to food shortages and worsening pay and conditions to floods and fires. The transition is underway but led by corporate interests at the expense of workers. Now more than ever we need to build workers' power, to both halt industrial pollution and win a transition that is worker-led and fair.

We therefore resolve to:

1. Affiliate to the Trade Union Caucus of the Climate Justice Coalition, providing our name and logo in support
2. Promote participation in and the activities of the Trade Union Caucus to our members/supporters/network
3. Make a financial contribution to the Trade Union Caucus of £.....
(suggested £100-£300 for branches, £500-£1000 for unions depending on size and income)

Please contact info@climatejustice.uk to register your affiliation and arrange any contribution. Thank you!
