

Privacy Policy for LeetFriend

Effective Date: 04/07/2025

Thank you for using LeetFriend, a browser extension designed to help you learn and solve coding problems on LeetCode by providing contextual hints.

1. Data Collection

LeetFriend does **not** collect, store, or share any personal information such as your name, email, or browsing history.

The only data LeetFriend uses is:

- The text of the coding question you are currently viewing on LeetCode (question title and description).
- This text is sent to our backend server to generate helpful hints and explanations.

No additional information about your device, identity, or browsing activity is collected.

2. Data Usage

The question text is **only** used for the purpose of generating hints. It is **not stored or logged** on our servers permanently.

LeetFriend will never sell or share any user data with third parties.

3. Cookies and Tracking

LeetFriend does not use cookies or any tracking technologies.

4. Third-Party Services

LeetFriend uses a backend API hosted on Render.com to generate hints. This API receives only the question text and does not store user data.

5. Data Security

We take reasonable steps to protect your data in transit, including using HTTPS for all communications with our servers.

6. Children's Privacy

LeetFriend is intended for general audiences and does not knowingly collect information from children under 13.

7. Changes to This Policy

We may update this Privacy Policy from time to time. Any changes will be posted on this document with an updated effective date.

8. Contact

If you have any questions about this Privacy Policy, please contact us at:
