### Resolution adopted by **full committee name** on November 30th, 2019

#### Topic **A/B. Full name of the topic**

The **committee's full name**,

1  
2 *Pre ambulatory clauses must be written in italics*, followed by the complement of the  
3 preambulatory clause mentioning the documents and actions, which should be written in normal  
4 font,

5  
6 *Next pre ambulatory clause in italics* followed by the complement in a normal font,

7  
8 *Each pre ambulatory clause* should have 5 spaces on the first line and finish with a comma, but  
9 it can have intermediate dots and commas if needed, giving the chance to add as many statements  
10 as needed,

- 11 1. *Operative clauses must be written in italics* and followed by the complement that should  
12 be written in a normal font;
  - 13  
14 2. *Second operative clause* follows the same dynamic, with the exception that operative  
15 clauses end with a semicolon;
  - 16  
17 3. *In the last operative clause*, where the last resolution is stated, we can write a final dot.
