HSO: Hook, Story, Offer.

Subject line: "I finally made it..."

After years of being poor and struggling to pay my bills, It finally paid off.... I look out the window from my bed, and all I see is the beautiful city of Manhattan, all those skyscrapers and streets full of lights. I'm not watching it on tv. I'm seeing it with my bare eyes from the coziness and warmth of my luxurious new apartment.

For years and years, I've seen the same view before I went to sleep. I lived in the same apartment for six years straight, and all I saw at night before falling asleep was a view of the walls eroded by water and the peeling paint on the ceiling.

I decided something had to change, so I did a lot of research for an escape. Fast forward 90 days. I finally made enough to move to a new apartment in the big city.
