

Privacy Policy

(Let's Code_ Website and Blog)

We use Google Sites and Blogging services for provisioning basic site look and feel features and providing targeted ads on our website and blog.

Third party vendors, including Google, use cookies to serve ads based on a user's prior visits to your website or other websites.

Google's use of advertising cookies enables it and its partners to serve ads to your users based on their visit to your sites and/or other sites on the Internet.

Users may opt out of personalized advertising by visiting [Ads Settings](#). (Alternatively, you can direct users to opt out of a third-party vendor's use of cookies for personalized advertising by visiting www.aboutads.info.)

Notify your site visitors of the third-party vendors and ad networks serving ads on your site. Provide links to the appropriate vendor and ad network websites.

Inform your users that they may visit those websites to opt out of the use of cookies for personalized advertising (if the vendor or ad network offers this capability). Alternatively, you can direct users to opt out of some third-party vendors' uses of cookies for personalized advertising by visiting www.aboutads.info.

You can reach out to us at LetsCode@tagc.space to know about our vision and mission of making quality knowledge-sharing openly accessible to all.
