Maxwell D. Degan

(978)-512-1153

max.degan@outlook.com

Education:

- Computer Science, AS, Middlesex Community College, 2024-

- Computer Science, No Degree, UMass Lowell, 2022-2024

- Greater Lowell Technical High School, Programming and Web Development, 2018-2022. 3.68 GPA, Honor Roll 2020-2021

Technical Skills and Certifications:

- Real world experience with Python, VBA, and SQL using production databases and real programming issues
- Microsoft Technology Associate in Software Development Essentials and Mobility and Device Fundamentals
- Cisco Networking Basics certified
- Google and Microsoft Suite (Docs, Sheets, Visio, Access)

Experience:

September 2021 - September 2022 - BAE Systems Inc., Nashua, NH

Internship working with Python, VBA, and SQL scripts to help streamline and automate the site's RFID inventory process. Hardware work in the field to debug issues with RFID readers, antennas, tags, and end-user devices such as handhelds. Team met regularly and I had to report on my progress, successes, and challenges and what I was working on next.

May-July 2020 - Degmar Development, Construction, Lincoln NH

Initial site and finishing work on three upscale tree houses close to Loon Ski Area. Work included regular morning meetings, management of limited time and resources, and adjusting readily if employees or powered machinery were unavailable.

Summer Vacation 2019 - Wahtutca Scout Camp Staff, Northwood NH -

Teaching girls and boys ages 13-17 Metalworking and Leatherworking. Keeping my area of the camp safe, clean, and effective in teaching.
