GNAT-TV Hosts Video Announcement Day

SUNDERLAND, VT – GNAT-TV invites the community to engage in a unique opportunity to broadcast their messages far and wide with our Video Announcement Day. Scheduled for April 11th from 10 a.m. to 4 p.m., this event empowers local voices, offering a platform to individuals, nonprofits, town governments, and community groups to promote non-commercial events, activities, and information that benefit our community.

Participants can create a one-minute video announcement at the GNAT-TV studio, utilizing our state-of-the-art video production facilities. Alternatively, bring your high-resolution photos and record a voiceover to craft a compelling message that resonates with viewers. GNAT-TV is committed to providing this service free of charge, aligning with our mission to enhance community engagement through multimedia.

This initiative not only allows for creative expression but also ensures widespread dissemination of your message. Your video will be broadcast across GNAT-TV's channels, reaching nearly 7,000 homes in the Northshire and Mountain Town regions, amplifying your voice and extending your reach. In addition, the produced videos will be accessible on the GNAT-TV website, enabling easy sharing on social media platforms and personal or organizational websites, thus enhancing your digital footprint.

For those unable to attend on April 11th, GNAT-TV offers flexible scheduling to accommodate your needs, ensuring that everyone has the opportunity to participate in this community-enhancing event.

Don't miss this chance to make your voice heard and your initiatives visible. To register or for more information, please visit our website at www.gnat-tv.org or contact Mark at 802.362.7070. Join us in harnessing the power of video to convey your important messages to the community we cherish.
