

Welcome to your Wildwood Elementary School library

We are looking forward to the 2019-2020 school year!

Dear Families,

The day your child has his/her first media class (second for kindergarteners) he/she will bring home a bookmark with our policies and book care, but we would like share some exciting opportunities for your child this year:

- Our program will be promoting the very best of children's literature to your child.
- We will be doing our very best to get (or keep) your children "hooked on reading" by recommending specific reading materials to each individual.
- We will be adding a number of new titles this year of the latest, exciting, and requested books for young readers, including quality non-fiction to help meet the Common Core requirements.
- At each grade level, students will be learning information fluency and computer skills specifically suited to their developmental needs.
- We will be working with classroom teachers to help them find materials especially suited to the individual interests and abilities of your child.
- Library lessons will stress good Digital Citizenship, helping your child make safe and ethical decisions when using the Internet.
- One cart of 30 iPads will be available for library-media lessons and for the classroom teachers.
- Chromebooks are available in the classroom and media use
- We have a couple special events being planned for the year: The Hour of Code (computer programming) on December 3rd, Read Across America March 2-March 6, and a Spring book fair.
- If you would like to volunteer to help in the library, please let us know. We'd love to have you!

Regards,

Jean Oswald, Library Media Specialist 407-2167
