

Privacy Policy for BuildFrame app.

Effective Date: 26-07-2025

1. Introduction

BuildFrame app is committed to protecting your privacy. This Privacy Policy explains how we collect, use, and safeguard your information when you use our app.

2. Information We Collect

a. Information You Provide

- **Field Note Entries:** When you create notes, take photos, record audio, or add other content, this information is stored **locally** on your device.
- **Contacts:** If you choose to import contacts, we access your contacts only with your permission and solely for the purpose of associating them with your notes or site visits.
- **Location Data:** If you enable location services, we use your device's location to tag entries or site visits. Location data is stored locally and is **not shared** with us or third parties.
- **Trial and Subscription Information**
Trial Start Date: To prevent abuse of our free trial period, we securely store your trial start date on your device using iOS Keychain technology. This data persists across app reinstallations to maintain trial period integrity and is not transmitted to our servers or shared with third parties.

3. How We Use Your Information

- To allow you to create, manage, and export your field notes.
- To associate contacts and locations with your entries, if you choose.

4. Data Storage and Security

- **Local Storage:** Your notes, photos, audio, and related data are stored locally on your device unless you choose to export or share them. Trial period information is stored securely in iOS Keychain and persists across app reinstallations to prevent trial abuse.
- **No Cloud Storage:** We do not store your personal data on our servers. Trial tracking occurs entirely on your device.

5. Sharing of Information

- **With Your Consent:** You may choose to export or share your notes (e.g., via PDF or email). We do not share your data with third parties unless you explicitly choose to do so.

6. Your Rights

- You can delete your field note data at any time by removing entries or uninstalling the app.
- Trial period information stored in iOS Keychain will persist across app reinstallations for trial integrity purposes, but is automatically removed when you purchase a subscription. This information cannot be used to identify you personally and remains solely on your device.
- You can revoke permissions (e.g., location, contacts) in your device settings.

7. Changes to This Policy

We may update this Privacy Policy from time to time. Changes will be posted within the app or on our website.

8. Contact Us

If you have any questions or concerns about this Privacy Policy, please contact us at: jannisaivatizidis@gmail.com
